

Recycled Indian Textile

The Best out of Waste

About Us

- Net Benefit Limited is an independent manufacturing, procurement, trading, and exporting company based in India's trade capital, Mumbai.
- We are specialists in packaging and procuring high-quality recycled synthetic textiles from their roots.
- We strive to be a reliable and competitive partner, working to contribute to our customers' and suppliers' expansion and development.
- We stand strongly behind every product. Our dedication and commitment towards business operations, extensive market knowledge, workmanship, and quality products and services separate us from others in the market.

15 LIFE
ON LAND

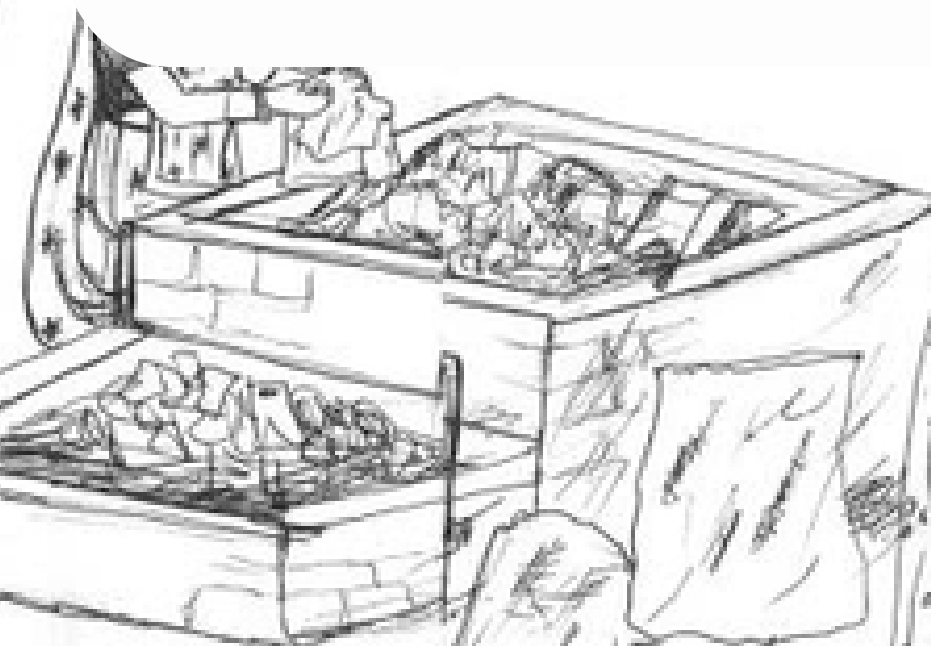

OUR PROCESS

4. Plastic strips
spun into yarn and
woven into sheets

2. Plastic bags and bottles
are cleaned

1. Waste plastic is collected
and segregated

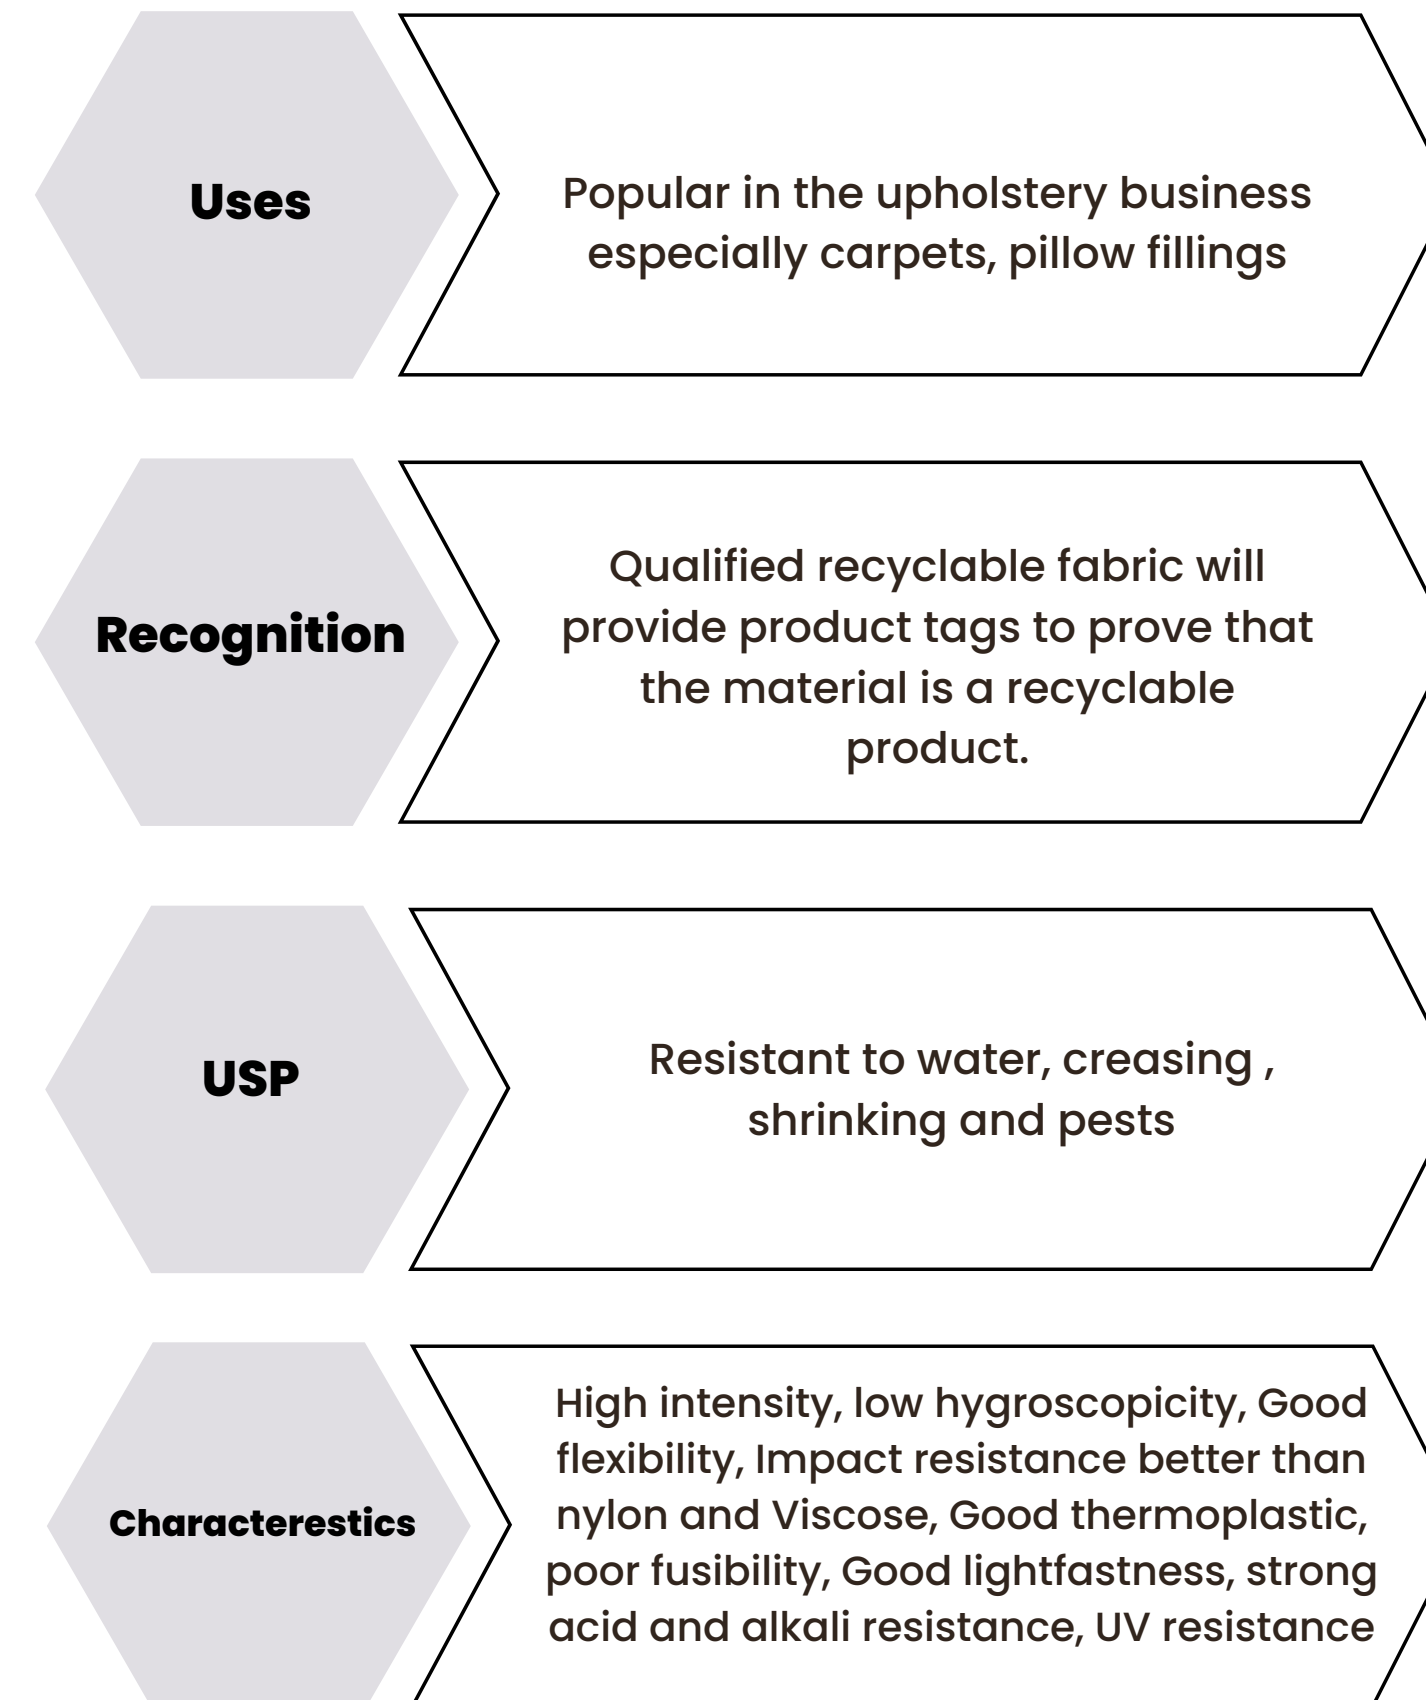

3. Clean plastic is cut into
long strips

What is Textile Waste?

Textile made from recycling, reprocessing and trading of PET/Polyester and other synthetic fibres and waste.

It supports maximum resource efficiency: technology saves energy, water and space

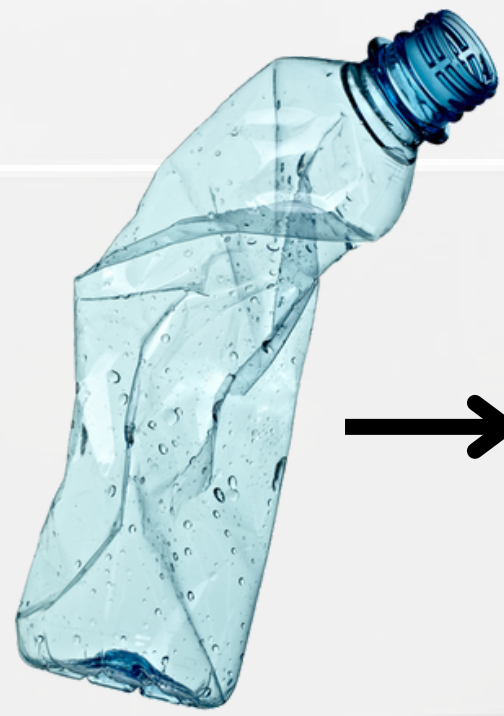

Step into our world of 360 degree
Recyclability

At the very core of our business model
lie our rag pickers who collect waste
and support us in weavings dreams
from plastic!
